LUOMASSA MAHDOLLISUUKSIA

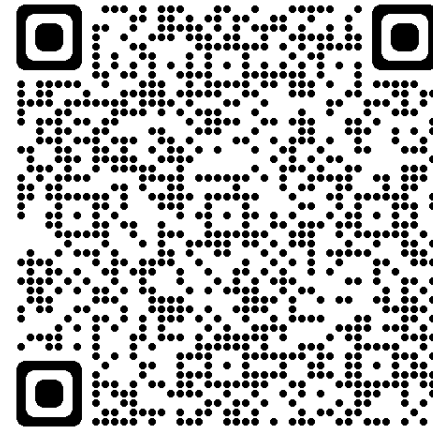

# Respond to the user survey by February 16th.

- Share your experiences and insights regarding the service as also user needs regarding this kind of information  
<https://test.harvesterseasons.com/>
- Evaluate the benefits of the service: consider storms, wildfires, and long-term climate forecasts.
- The survey can be answered anonymously.
- You will receive the survey link in your email after this session.
- Survey link: [Harvester Seasons for Europe \(google.com\)](https://test.harvesterseasons.com/)
- Thank you for your response!

## Harvester Seasons for Europe

This questionnaire is created to collect potential users' needs within the forestry sector.

We would like to ask to support us in investigating more in detail  
The form consists only of few short questions and may take about 10 minutes.  
Your answers are anonymously collected.

QR-code to the survey
